Manual lifter for KLT boxes,
blister or other industrial containers

KET-LIFT4BOX – Lift smart, work smart

Our new lifter KET-LIFT4BOX is a compact, powerful and easy-to-use solution for efficient lifting of boxes and crates in warehouses, workshops and production facilities.

KET-LIFT4BOX is a product of B. Ketterer Söhne GmbH & Co. KG
Bahnhofstrasse 20, 78120 Furtwangen, Germany
Phone: +49 7723 6569-10, Mail: info@ketterer.de

From 2,465 €

plus VAT and shipping costs

KET-LIFT4BOX is suitable for heavy loads in demanding environments. Thanks to its manual lifting function, it contributes to employee relief and shortened reach distances. This makes it the optimal assistant for improved material supply and a healthier, more productive working environment.

- Suitable for front loading up to 80 kg
- Ergonomic working thanks to stepless container positioning by cordless screwdriver or crank handle
- Working height adjustable
- High stability thanks to solid base plate, which can be fixed to the ground via holes if required
- Transport rollers and safe handles for mobile use
- Maintenance-free

The KET-LIFT4BOX is optionally available with an assembly platform. This platform provides a practical storage area for tools and other work equipment. It is ideal for working environments where quick access to tools is essential.
